

# SMURF COLLECTORS CLUB INTERNATIONAL

24 Cabot Road W.

Massapequa, NY 11758

NEWSLETTER 34

FALL 1994

Dear Smurf Collector,

Another Summer has come and gone! Did you all enjoy a successful Smurfy shopping season browsing through garage sales, flea markets, toy shows, etc.? Reports coming in to Club Headquarters from the U.S. and Europe are fair in respect to finding old, rare, and unique Smurf Collectibles. How did you fare? We would love to know!

We have received word from members in a few countries in Europe that one "HOT" collectible this past year has been the Ferrerro (Kinder Egg) line of figurines. A Price Guide has been written in German. We have one of these German Price Guides and we are in the process of translating it into English. We are also attempting to get the latest market conditions and prices as we have had a number of reports that the published prices have already increased two to three times the guide's values. We will pass this information along when it is completed and, as is our practice, thoroughly investigated. Please refer to our Club articles on this topic starting back in 1988: Newsletters Nos. 9, 15, 17, and 25.

The Club has been receiving an overwhelming amount of mail requesting information about store display items, counter display items, etc. used for Smurf Products. These items have become a very popular cross-over collectible in the last few years and we are very pleased to report that Smurf items are included and sought after in this collectible field. Wallace Berrie, Applause and Schleich have always been well-known for their beautiful, colorful and detailed displays. Another fact that makes these collectibles so outstanding is that "Peyo's" designs and artwork are exceptionally beautiful.

We have featured a number of displays in recent and past issues: please be assured that we will continue to feature these items. If you have a display item in your collection that you would like to see featured in the Newsletter please send us a photo, photocopy and a complete description of the item. Thanks in advance.

What makes Smurf Display items so interesting? We have asked our members and the consensus seems to be that, because we remember seeing Smurf displays in shops years ago and are "kicking ourselves" for not asking our local shopkeepers to give them to us when they were no longer needed, they are all the more attractive now.

We predict that "ADVERTISING MEMORABILIA" will continue to be a very HOT collectible in the future. It is a field of collecting that was established some 37 years ago but will peak in the coming years. The Club has focused on this topic, but mainly used the term "PROMOTIONAL ITEMS." See all of our back-issue Newsletters for more about Smurf Advertising (promotional) items. Stay tuned for more!

"Advertising memorabilia is anything that promotes a product or service."

We would like to thank all of our members who took the time to write and vote for their favorite New Smurf figurine for 1994. Hard to believe, but NO ONE figurine "ran away" with the vote this year. It appears that our membership has voted equally for ALL the new figurines. Many comments were received and we pass some of them along to you.

#20426 Schoolboy Smurf....."Most colorful figurine in YEARS!"

#20427 Stone-age Pair....."Great to see the Smurfs join the Flintstone Era!"

#20428 "This pair displays beautifully with the Club's Limited Edition figurine, "Papa & His Pre-Historic Pet Pals!"

#20424 Papa Smurf....."Finally, Papa's most famous pose!"  
"Papa has no Blue tail!"

#20429 Tattoo....."It's about time Hefty was technically correct with his Red Heart Tattoo!"

#20425 Furious Gargamel....."Less colorful than usual; all his coat patches are white."

Featured below from the Hanna-Barbera Studios are sketches of Papa's famous pose and Hefty's pose as they were drawn to appear in the Smurf Cartoons. Special Note...Hefty's tattoo can be on either Arm according to "Peyo's" instructions.

© HANNA-BARBERA

In our last Newsletter we notified all that the new cable station FX would be featuring Smurf collecting. On June 14th, our very own "PAPA" Gary (see our last Newsletter) appeared live on this show. He was featured as the "Super Collector" of the day!

Gary reports that he had loads of fun doing this show and showing off a small part of his vast International Smurf Collection. He was able to display his one-of-a-kind Kings Island Smurfs (as featured in Newsletter 26). In fact, the commentator of the show was enjoying Gary's collection so much he announced he had fallen in love with Smurfette. The Smurf "Super Collector" segment was only about six minutes, but Gary took the opportunity to highlight some very unique items from West Germany, Italy, Switzerland and France.

Gary's Smurf segment caused some great viewer reactions. The network was very impressed with the calls received from their viewers...The Smurfs were a big hit!

Best of all was the commentator's final comments on Smurfs! To Gary was said: "Your Smurf Collection is great fun and has brought a huge SMILE TO MY FACE!"

ISN'T THAT WHAT SMURFING IS ALL ABOUT!!!!

Gary is so excited about the viewer reaction that he is making a wonderful offer to all S.C.C.I. members. Everyone who wishes to participate is welcome: Gary will put together his TV appearance and Suzanne's TV appearance (see Newsletter 26) and make a tape showing Super Smurf Collecting at its best! Gary has also offered to include any and all member's collections as well. Get your video cameras out and please participate. He would prefer you use VHS tape, but says 8 MM is okay. Introduce yourself at the beginning of your tape, then shoot away. Your commentary, as you shoot, is advisable. Don't be shy; the more members the better.

We would like to have all tapes by the end of December. If you will be submitting your Smurf collection tape, we would appreciate your telling us now, by return mail.

More details about the "SMURF SUPER COLLECTOR" tape will be published as progress is made.

## COLLECTORS' COMMENTS...

Dear Suzanne,

The Collectors' Comments column is one of my favorites in our Newsletter! It is our very own participation section. I must say there are a lot of great letters! It also really keeps us all on our toes! Once again I have a question to ask. Another ad ran for a Super Smurf in our last Newsletter for #40512 Basketball Player with "Small hole net." Is there a photo available of this variation you can show us?

I also would like to say thanks to the member who wrote a few issues ago and made us aware of the fact that we should read ADS very closely and carefully. There certainly is a lot to learn in our Ad section!

Connie from MO.

Dear Connie,

We are happy to show the Super Smurf you ask about.

Small Hole  
Basketball Net

Large Hole  
Basketball Net

Dear Suzanne,

Some of my friends have returned from a European vacation. They purchased figurines for me that I cannot identify. They appear to be strange in comparison to my other Smurf figurines. My friends could not get any information about these figures when they purchased them. I guess it is best to send them along to the Club for you to see so I can find out what they are! Thanks in advance.

Andy from CA.

Dear Andy,

You are correct in stating these Smurf figurines are "Strange!" They are "Pirated" (counterfeit) Smurf figurines made by a European manufacturer in the early 80's. Production of this line of figurines was stopped by "Peyo."

We have verified that a number of different figurines were produced.

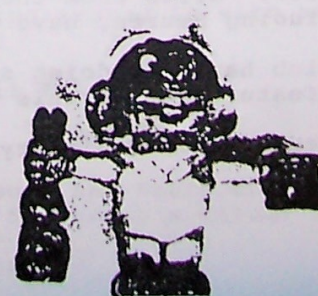

1. Smurfette holding an accordion.
2. Smurf holding a candle.
3. A peg-leg Pirate Smurf with a sword.
4. Smurf holding a bottle out to his right side.
5. Smurfette holding a bouquet of daisies.
6. Smurfette with a basket under her arm.
7. A reclining Smurf with Pink shoes and tie.
8. Smurf holding a top hat in one hand and a rabbit in the other.
9. Smurf with a Soccer Ball at his side.

Over the years we have received a report that these Smurfs were made in Spain but this we have been unable to verify.

There may be other figurines by this manufacturer but the ones we have listed we have verified.

If you ever run across one of these, you will know at once they are "Pirated". It is very obvious!

Below are three of these figurines:

## COLLECTORS' COMMENTS...

We offer, with permission, the following excerpts from letters written by a member-friend who has endured a terrible loss. We care deeply and offer our sincere heartfelt sympathy.

Board of Directors S.C.C.I.

Dear Suzanne,

I want you all to know how much your Smurf Club means to me!

My son Aron found out about your Club about four years ago. He got his first subscription as a Christmas gift. Aron was very much a "Collector" and truly enjoyed being a part of the S.C.C.I.

He was 26 when he passed on, June 22, 1993. Aron was our only child. Your Newsletter last December was like a gift from him. Each Newsletter I get brings back the happy times we had together.

I just want to thank you for your Club and for keeping our beloved Son close to us!

Lois B. from TX.

Dear Suzanne,

Pity the poor old Aussie collector! Smurfs were introduced to Australia in 1979, by British Petroleum, as premiums at their gas stations. Most Australians think B.P. when Smurfs are mentioned. All B.P. products I have are marked "Peyo-Sepp B.P. Australia" and/or "Smurf is a trademark of B.P. Australia." I have a few 1979 articles but most are dated 1981. These include keyrings, card games, yo-yos and PVC figures-very little around now.

I have never seen a Smurf on sale in a shop nor have I ever seen a Smurf dated after 1985.

Many thanks for allowing me to join the S.C.C.I. and for all the great information you have to share. I'm looking forward to a long and enjoyable association.

David from Australia

Dear S.C.C.I.,

I enjoyed your last Newsletter very much! I am pleased to submit my collecting story as requested.

I started collecting Smurfs in 1981 and lost interest in them in 1983 or '84 so I decided to box them up and stick them in the attic. I often thought of selling my collection, but now I am so glad I didn't.

I have two children; my daughter who is 20 months old and my son who is 7 months old. Collecting has always been one of my favorite things to do and I wanted to start a collection for each of my children. It was easy to find something to collect for my daughter, but not for my son. About three months before I joined the Club I pulled a box out of the attic and guess what it contained? Yes, my Smurfs! I'm so glad I kept them because that is what I decided to collect for my son.

I can't wait to get his collection displayed! My favorite ones are the Super Smurfs so I will attempt to complete that collection first.

G.H. from TX.

Dear S.C.C.I. Members,

Thought all would like to know that the 1985 Smurf Limited Collectors Series counter display featured in your last Newsletter appeared at an Auction of Toy Collectibles.

I think we should all keep an eye on countertop displays, store advertising materials etc. Aside from the beautiful artwork these items, in most collectible fields including Smurfs, have become highly sought after.

The Club has been doing some features on display items but I think more should be featured about this collecting field.

I loved the Smurf History Display in our last issue. Does anyone have one to part with?

Beth from WY.

## COLLECTORS' COMMENTS...

Dear Suzanne,

I was just looking over my collection and your recent summer Newsletter and have a couple of comments.

My first Smurf was the bowler, and I would take it with me for good luck during my weekly family league game. Unfortunately I lost more often than I won but that is when I started collecting in 1980. I didn't really get into it though until a few years later when I could still get them at a Hallmark store. Today I have over two hundred and I still need at least 75 regular and almost all of the Super Smurfs.

At the time I began my interest in the little blue guys I was living with my two young children in a second floor apartment. The man on the first floor got a kick out of the way we spent one snowy winter day. While everyone else was building snow forts and snowmen we made a huge Smurf on the side of the house! Being an artist he then made me a door plaque with our names and 17 of the Smurfs as they appeared on TV.

I have recently picked up a second metal airplane (the propeller on the 1st one was broken) that I thought was part of a promotion as I also have Papa in a green metal car and a Smurf in a log car. I haven't gone through the back issues yet to identify them.

The day after receiving the Summer Newsletter mentioning the new Collectibles show I started to watch it. Imagine my surprise to see they were featuring Gary in NJ. I didn't think it was possible to have that many Smurfs! I usually watch it when I am home now and I am always amazed about what people collect.

I know my collection is not nearly as extensive as your's, Susan's or Gary's but I have hopes!

Thank you for all the information and stories in the Newsletters. This is one Club I really appreciate and I look forward to each Newsletter.

Pat from RI.

Dear S.C.C.I. Members,

I have a great idea to pass along! This past summer I gathered up all my odds and ends and paper materials I had stored away in my basement. I went through all this material and thought what a shame to have all this material and not use it in some way. The Smurf artwork is so special and so colorful. And then it came to me!

**Why not make a Smurf Collage to display in my Smurf Room!**

My collage idea got underway in July but I had a great interruption as my first Grandchild was born. I am working on two Collages now; one for myself and one for my granddaughter's room. As soon as they are completed I will take some photo's and submit them to the Club for everyone to see.

If anyone likes this idea and wants to make one, here are some of my plans so far. Get yourself a large poster board. Sort, cut and arrange all items before gluing, I used the following materials:

- Super Smurf Boxes
- Greeting Cards
- Assorted Wrapping Paper
- Posters
- Trading Cards
- Comic Books
- Book Covers
- Assorted Package Boxes

Of course, I only use my double materials, It is coming out great! I put one large Smurf in the center to start and I am working around it with smaller cut-out material. Can't wait till they are finished!

Jill from CA.

Dear Jill and All Members,

A very nice idea BUT let me add a word of caution! Any Smurf Collectible not in it's original box or packaging can lose up to 50% of it's value!

Suzanne

## WORLD CUP SOCCER GAMES

In 1978, the West German manufacturer of Smurf figurines introduced figurine #20035, Soccer Player. In the same year the World Cup Soccer Games were played. In recognition of the 1978 games, Schleich produced numerous Soccer Player Smurfs in various uniform colors to represent the different teams.

I think we can safely say, after a sixteen-year investigation that #20035, Soccer Player Smurf, has more paint variations than any other figurine.

We would now like to give you our findings. As no one collector has every variation in his or her collection, this information has been compiled with the help of our vast membership. All paint variations have been verified as being owned by our members.

**FACTS:** All Soccer Player Smurfs have black shoes.  
 Variations in black paint shades have been noted.  
 Some have dull black paint, some have high-gloss black paint.  
 Figurines painted in Portugal (gold paint dot) usually have dull black paint.  
 All have white soccer balls.  
 Variations will be found in the groove pattern on the balls.  
 Some molds have a pegged foot that holds the ball in place.  
 Others have the soccer ball glued to the tip of their shoe.  
 It has been noted that there are variations in the position of the figurine's left arm.  
 Some arms appear to be more straight forward, while others appear to be out to the side.  
 Our investigation shows this to be a mold variation, not just pressure movement discussed previously.  
 There were a few molds produced with cleats on the bottom of the Soccer Shoes.

The ORIGINAL ISSUE #20035 Soccer Smurf had Red Socks, Yellow Pants, Red Shirt!!!

### VARIATIONS

<u>Sock Color</u>	<u>Pants Color</u>	<u>Shirt Color</u>
1. Bright Red	White	Bright Red
2. White	Red	White
3. White	White w/Red Stripe	White w/Red Stripe
4. Red	Red	Red
5. Red	White	White
